

# EcoActiv SB

## Product Data Sheet Concentrated Industrial Strength - Solvent Based Degreaser/Cleaner

### Description

EcoActiv SB is a highly effective parts and metal surface cleaner/degreaser based upon a biodegradable solvent (Linear Paraffin) which will dissolve the toughest grease and oils. The addition of surfactants enables the product to be washed off with water. Dilutable with up to 10+ parts secondary solvent for low end use and low cost. Perfect for work yards, engines, factory floors, tools, trucks and metal parts.

### Features

- ▷ **Economical**
- ▷ **Low-Toxicity**
- ▷ **High-Flashpoint for additional safety**
- ▷ **Easy to Apply**

### Suitable For

- ▷ Metal Substrates
- ▷ Parts, Engines, Metal Structures

### Applied By

- ▷ Dip Bath
- ▷ By Brush

### Dilution

- ▷ Light Cleaning     1 part RC : 10 parts solvent
- ▷ Medium Oil         1 part RC : 2 parts solvent
- ▷ Heavy Oils         Full Strength - RC

### Key Physical Characteristics

Property	Typical Value
pH of Concentrate	<b>7.8±0.2</b>
Appearance	<b>Blue Clear Liquid</b>
Odor	<b>Solvent</b>
Shelf Life	<b>1 Year</b>

### Availability

Product in 4, 18, 208 and 1000 litre sizes
