

DISINFECTANT SANITIZER

SANI 101

F E A T U R E S

- Highly effective, concentrated Quaternary Blend Composition
- Disinfectant, Virucide, Deodorizer, Sanitizer, Mildewstat.
- Microbiocide and fungicide
- Approved for use in food contact surfaces and automatic washing systems
- Can be used in fogging operations
- Biodegradable

P R O P E R T I E S

Appearance: Clear white liquid with no specific odor

Flash point : >212 °F

Specific gravity: 1.04 gr/cc

Non volatiles: 15-18 %

Solubility in water: Total

Chemical type: Quaternary ammonium salts

Storage stability: Keep away from direct heat and strong oxidizers

Boiling point: 212 °F

pH : 8-9

Packaging: 4 x 1 gallon case
55 gallon Drum
275 gallon Tote

- Properties are typical and subject to usual manufacturing tolerances.

Sani 101 is a concentrated Quaternary Salts blend solution designed for use in hospitals, nursing homes, hotels, athletic/recreational facilities, tanning spas, restaurants and bars, schools and institutions. Sani 101 acts as a Disinfectant, Virucidal, Sanitizer and Mildewstat on hard, non-porous, inanimate environmental surfaces. See the label for complete activity spectrum and dilution procedures. Sani 101 can be applied through automatic washing systems, immersion tanks, low pressure sprayers, fogging and wet mist systems. Refer to the attached MSDS for precautions. The information contained in this safety sheet is aimed at creating a guide for the selection and use of the product. However, we are not responsible for any use not recommended by Interchem.
